VERSE 1

**O Father above us
With faith do you love us
Despite all our trials and woe
O Lord we adore you
But still we implore you
Deliver us now from our foe**

BRIDGE 1

**In need, help us heed, Thy behest
As the throes of temptation
We revile, us beguile, and divest
Our repose of oblation**

VERSE 2

**Eternal salvation
Received in elation
Assurance is offered to all
God's children shall know it
Their faces will show it
Exult upon hearing the call**

BRIDGE 2

**Innate, glory great, is Thy gird
We aspire to be near it
When our doubt, casts us out, Thy Holy Word
We desire to hear it**

VERSE 3

**O Father above us
With grace do you love us
Thy mercy and honor renown
O Lord you have told us
With might will you mold us
The faithful to share in Thy crown**
