VERSE 1

**What a show on NBC *Tonight!*
Makes you feel all right, it's really outta sight
All the others try their best, you've seen 'em
But there's not one to compare, between 'em**

VERSE 2

**Of course there's Jay, who you could watch all day
(He's) got a lot to say, he'll take your breath away
You'll hear Kevin and the band, they're always cookin'
And Edd and Fred'll keep the party bookin'
Take our advice, *Tonight!* is twice the nice**

BRIDGE

**There's a lot to see, so be here on time
It's any kind of reason or rhyme
With Larry be wary, and Scary don't tarry
Stay up late, it's great, and don't hesitate**

VERSE 3

**When you're in a plight and need insight
With a lot of bite, it's on the show *Tonight!*
There'll be laughter, fun, and it'll make your day
It's comin' to ya in a big, big way
Don't roll the dice and let a take-off suffice
We really mean it
Take our advice, *Tonight!* is twice the nice**
